NO CONCRETE UNTIL SPRING

PICKERING ROAD TO BE BUILT EARLY IN 1926

WILL FILL TWO GAPS

Defective Sections in Present Paving to Be Repaired at Once—Mud Hole Near Barnard

No more concrete will be laid this fall on the extension of the Pickering road, according to semi-official information received at the office of E. Warren Gotwals, project engineer stationed here. The work, however, will be started next spring, just as soon as weather conditions will permit.

The grading of the road will be completed this fall, together with culverts and the concrete bridge over Canal creek, and everything put in readiness for an early start in the spring. The contractor is expected to put his equipment in place during the winter.

Probably another month will be required to complete the Canal creek bridge, which is to have a span of forty feet.

Two Gaps to Be Filled

Although there is to be no further paving this fall, two gaps in the two miles of concrete already laid will be filled in soon. One of the gaps is a bit of gravel road near the Maryville city limits, where a water main burst while the original paving was in progress, making it impossible for the contractor to lay the concrete on a stretch seventy-seven feet in length. This circumstance was not considered any fault of the contractor and he is to be paid for filling the gap.

For the other gap, the contractor himself is held responsible and he is to bear the expense of the new work. Here about fifty feet of the concrete paving has sagged and there are several breaks. The sag at its lowest point is about a foot, and the motorist who passes over the section at too high speed receives a considerable jolt. The present paving is to be torn up and replaced.

The C. H. Atkinson Co. of Watertown, S. D. has the contract for this work but probably will sublet it.

Two Mudholes Reported

The contract for the remaining portion of the south road to St. Joseph is expected to be awarded this fall, but no ofifcial information has been received.

Two bad mudholes were reported on this road due to the rains over the week-end. One was south of Barnard and the other near Bolckow. At the former, a number of motorists were hopelessly stalled, and a farmer living nearby brought a team and reaped a harvest by pulling the unfortunate ones out at a fee of $2 each.

In such cases, the patrolman employed by the state is expected himself to furnish a team without cost to the motorists, and the incident caused a shake-up in the state's maintenance organization in that neighborhood. An engineer was rushed from St. Joseph and the offending mudhole was made passable with crushed rock.

Improvement Is Shown Along Rural Routes

All Letter Boxes Must Be Plainly Marked And In Good Condition, Says Department Order.

Considerable improvement in the condition of mail boxes along the various rural routes out from Maryville has been shown during the last year, Fred French, who has been making inspections, said this morning.

An order from the postoffice department requires that all mail boxes be in good condition and the names of the patrons be clearly marked on the boxes. This order from the postoffice is intended to improve the rural carrier service.

Rural route inspections will be made in October and April, according to the order from the postoffice department.

Reports Car Stolen Here Tuesday Night

Sam Bithos, an employe of the Superior Dry Cleaning Co., has reported to the police that his Ford coupe was stolen while parked near the Schumacher-Rowley grocery store, Tuesday night. Mr. Bithos left his car about 8 o'clock and when he returned about forty-five minutes later, it was gone. The license number is 160-042.

Coolidge to Not Oust Rebel Board Members

Although Incensed Over Flouting Of His Authority, President Will Wait For Supreme Court Decision.

Washington, Oct. 22.—Although incensed over the flouting of his authority by the United States shipping board, President Coolidge has definitely decided, it was learned today, to take no action toward ousting the rebel members until the Supreme Court has handed down a decision involving the President's power of removal.

For Mr. Coolidge to preemptorily remove these commissioners and then possibly find that the action was illegal would only complicate an already aggravated condition.

The case in question is the Myers case, brought by the widow of the late Frank S. Myers, who was removed as postmaster at Portland, Ore., by former President Wilson.

Mrs. Myers, seeking back pay, contends that the President had no right to take such action "without the advice and consent of the Senate."

MISS NICHOLAS ANNUAL QUEEN

NEW SYSTEM IS INAUGURATED AT HIGH SCHOOL.

IS SENIOR STUDENT

Class That Publishes "Maryvillian" Has Right To Name "Queen," It is Pointed Out At Assembly.

Miss Virginia Nicholas of the senior class is the queen of the "Maryvillian" the annual publication of the Maryville High School. A story that appeared in the Tuesday's edition of the Democrat-Forum stated that the queen would be chosen by the class whose salesmen disposed of the largest number of books.

That has been the practice at previous times, but a new system has been inaugurated by the annual staff and the senior class sponsor, Miss Ruth Bookman, which designates the senior class queen as annual queen and eliminates the various class queens from the competition for high queen honor.

Miss Bookman at an assembly, held yesterday afternoon, explained that the senior class published the annual, the members promoted the most of its success, effort and interest, and that should entitle this class to be represented by allowing the queen to be the senior class queen without competition of the other three queens.

She submitted the plan for the approval of the student body and it was approved.

This does not do away altogether with class queen honor competition as the three lower classes, composed of juniors, sophomores and freshmen, will run a race for the honor of "junior queen." Class salesmen will be on duty tomorrow, the opening day of the annual sale, to get annual subscriptions and votes for the queen to see which of three, will be "junior queen," second high honor.

The senior class will participate in the sale and cast such votes as it will for the three candidates for "junior queen."

The class queen sthat are candidates are Miss Beatrice Puckett of the junior class, Miss Tama Carlson of the sophomore class and Miss Gwendolyn Jantz of the freshmen class. This promises to promote much competition and enthusiasm on the part of the various classes.

A full page will be given over to the annual queen, a half page to the junior queen and a fourth of a page to the two remaining queens.

The class salesmen, named by the staff are as follows:

Seniors—Ralph Hotchkin, Mary Todd and Willis Wamsley for Town campaign.

Juniors—Leola Miller and Lawrence Wray.

Sophomores—Neola Smith and Maurice Woodburn.

Freshmen—R. ell Chick and Robert Wray.

Short talks were made, at the assembly held yesterday, to create an interest in the sale of the annual among the students. Those that made short talks were Miss Ruth Bookman, Miss Laura B. Hawkins, Forest Howland, Ralph Graves and L. L. St. Clair. Harold Lee Yates, editor of the annual, acted as chairman.

Charles McClurg of Pickering is visiting in Maryville today.

CONTRACT FOR ROAD IS LET

SHOEMAKER-BOVARD ARE AWARDED WORK.

TO COLLECT PLEDGES

Solicitors To Call On Contributors And Secure Payment In Order That Cemetery Road Work May Start.

Frank G. Shoemaker and O. K. Bovard have been awarded the contract for the construction of the gravel road to St. Mary's, Miriam and St. Patrick's cemeteries, it was announced today.

The Shoemaker-Bovard bid was $4,390.28, and includes all costs of constructing the road, which is 3,440 feet in length.

Work will begin on this road as soon as the funds have been collected. The total amount has been pledged but only a part has been collected thus far. Efforts are to be made to secure the rest as soon as possible.

Frank G. Shoemaker said this morning that although his firm is given a month to complete the work, he thought that it would be finished sooner if weather conditions were favorable.

About twenty two hundred yards of gravel will be required to surface the road. The material will be secured from the Belcher pit, about five miles northeast of the city.

The road will be from sixteen to eighteen feet wide and will range from six to nine inches in thickness.

Mr. Shoemaker has had considerable experience in paving. He surfaced East Third street a number of years ago and also has constructed a number of sewers in the city.

Lecture on Christian Science to Be Given

Paul Stark Seeley, C. S. B., a member of the Board of Lecturership of the Mother Church, the First Church of Christ, Scientist, Boston, Mass., will give a free lecture on Christian Science at the Empire Theatre on Tuesday night of next week.

The lecturer's home is in Portland, Oregon.

The public is invited to attend.

May Class Radio as a Necessary Utility

Washington, Oct. 22.—Radio officially will be placed in the classification of a public utility next year if recommendations of the department of commerce are followed by the Sixty-ninth Congress, officials declared today. Preparations of a new radio bill is being completed by Secretary Hoover, who will explain his problem in the national radio conference, which opens here November 8.

Earth Tremors Felt in California Section

Residents In Los Angeles, Glendale And Pasadena Feel Shocks—Believe Centered In Far Pacific.

Los Angeles, Oct. 22.—An earth tremor was felt in Los Angeles early today. Beds shook and windows rattled but there was no damage.

The shock, which lasted about eight seconds, was felt strongly, according to reports here, in Glendale and Pasadena, and residents throughout the city were aroused from their sleep by the jolts.

It is believed the quake may have centered somewhere far away in the Pacific, off the southern California coast.

To Seek Funds for Finance Department

Movement Is Under Way To Have State Legislature Appropriate More Money For Bank Examinations.

St. Louis, Oct. 22.—A movement is under way here today to have the state legislature appropriate sufficient funds for the finance department following the declaration by State Finance Commissioner French that 660 banks in the state were not examined last year because of the lack of funds.

The commissioner made the revelation in addressing a group meeting of the Missouri Bankers Association. Where a force of sixty examiners is needed, Mr. French said only twenty five are now provided. He blamed the legislature for not appropriating sufficient funds and urged the bankers to work for an appropriation in the next legislature that his department might function properly.

Rev. Guy L. Prather on Executive Board

Maryville Pastor is Elected at Convention of Missouri Baptist General Association at Carthage

The Rev. Guy L. Prather, pastor of the First Baptist Church, yesterday was elected to the executive board of the Missouri Baptist General Association at the convention of that body, which closes today at Carthage.

Minetry Jones of St. Joseph was selected as moderator and Dr. S. E. Ewing, St. Louis, as recording and statistical secretary.

Other members of the executive board in addition to the Reverend Mr. Prather are:

R. B. Whiteside, St. Louis; Doc Brydon, Bloomfield; A. D. Cooper, St. Joseph; Mrs. W. P. Hawkins, Bowling Green; Mrs. A. F. Neft, Columbia; J. A. Hemphill, Kennett; F. E. Cooper, Mexico; G. A. Bouey, La Grange; Mrs. George A. McWilliams, Liberty.

ART EXHIBIT IS BROUGHT HERE

COLLECTION IS ON DISPLAY AT COLLEGE.

SELECTED BY CRITICS

Most of Pictures Are By American Artists—Public is Invited to Attend Series of Lectures

A collection of prints from famous pictures is now on exhibition in the art department of the State Teachers College. This collection, which embraces about fifty prints, was brought here through the courtesy of the American Federation of Arts, Washington, D. C. Miss Olive S. DeLuce, head of the department at the Teachers College, is a member of the association.

The pictures came to Maryville last week from Lincoln where they were shown at the University of Nebraska. Miss DeLuce is giving a series of lectures on them, to which the public is invited. The collection will be on display daily when the College building is open.

Most of the pictures are by American artists, although a few are works of foreign painters. They were selected for exhibition by a committee of six noted American art critics.

Some of the artists represented in the collection are: Winslow Homer, Jules Guerin, Frank Benson, Homer Martin, Maxfield Parrish, and Sargeant.

The collection was brought to Maryville for two purposes, according to Miss DeLuce. Primarily it is for a study of the works which are hung in the various museums of the country, and secondarily to enable the public to know what pictures may be bought for the home at small expense.

"Any one of these prints may be bought for a sum as low as $2.50," Miss DeLuce said. "We believe it a public service to allow persons to view the exhibit and see for themselves.

"Several of the visitors have asked if these prints are the work of our own students. This is amusing, for they are creations of the best in this and other countries."

The Northwest Missouri Teachers Association paid for bringing the collection to Maryville. It is being sent to all the leading schools of the country and Miss DeLuce considers the local institution fortunate to be able to secure it.

In each of her art classes Miss DeLuce is talking on the different pictures and explaining the significance of each. She invites the public to attend these classes.

Raymond Gunn Taken to St. Joseph Jail

Negro Youth Charged With Attempt to Assault White Girl Will Be Given Speedy Trial

Raymond Gunn, negro youth charged with an attempted assault on a white girl Tuesday night in the vicinity of the Wabash freight depot, was taken to St. Joseph last night for safe keeping. He had waived preliminary hearing after Prosecuting Attorney George Pat Wright had filed a charge of assault with intent to rape.

Gunn was removed to St. Joseph by Bernard Dougan, chief of police, and Officer Leo Atherton. His trial in circuit court will be held soon.

Mr. and Mrs. C. C. Corwin and daughter, Mae, are visiting in St. Joseph today.

Business period of the Missouri Farmers Association of Nodaway County.

A Joint Meeting.

The afternoon session will be a joint meeting of the women's and the men's organizations. The public is invited both morning and afternoon.

The Women's Progressive Farmers Association is an organization which, according to its leaders, has for its purpose to improve rural life by making it more attractive, to build better homes and schools, to promote more friendly relations between neighbors, to teach co-operation and loyalty to the farm club work, to provide wholesome and instructive entertainment for farm boys and girls, and to foster all enterprises that will lead to higher and nobler things in life.

The first club to be organized was at Grand View schoolhouse in Greene County on September 9, 1920. Soon other clubs sprang up all over the state wherever the M. F. A. was established.

After the perfection of a co-operative state-wide organization of farm women, to be known as the Women's Progressive Farmers Association of Missouri, credentials were presented to the M. F. A. in its convention at Springfield, Mo., August 31, 1921, and a motion was made that the woman's organization be accepted in the association on a 50-50 basis. This was voted and carried unanimously.

Now Has 6,450 Members.

At the time of the state convention in 1922 there was a membership of 3,500. At the beginning of 1923, 5,000 members were enrolled, and at this date there are forty-eight organized counties, 480 clubs and 6,450 members.

"Women's clubs," said Mrs. Goff, "organized in each local community, meeting jointly with the men's club, can accomplish a great deal toward providing social and mental recreation for the neighborhood. Here they can exchange new ideas and plan for social, community and economic betterment in an organized way.

"These meetings help to break the monotony of the farm woman's life, so she can return to her work with renewed vigor. Programs at these meetings help entertain as well as develop leadership among old and young.

"Since the production of poultry, eggs and butterfat exceed that of pork and beef in value, this subject can be discussed—to produce quality products which will command higher prices.

"Many things can be done for the rural school, rural church, improvement of rural homes and other community interests through the united efforts of the women of the neighborhood."

David Malvern of Denver, Colo. is visiting his parents, Mr. and Mrs. J. D. Malvern, and other relatives at Quitman. Mrs. Malvern and children are visiting her mother at Clarinda, Ia., and will join Mr. Malvern in Quitman later in the month.

Recall Many Pardons by Governor Ferguson

Those Talking Of Special Session See Move To Oust Governor's Husband From Texas Politics Again.

Austin, Tex., Oct. 22.—The pardon record of Governor Miriam A. Ferguson, almost lost sight of in the recent investigation of the state highway commission members, of which are Ferguson appointees, is being recalled here today by legislators and state employes following the issuance of five more pardons late yesterday afternoon.

It offered a tempting morsel of gossip for those who see in the talk of a special session and reports of impeachment proceedings a possible chance to oust Jim Ferguson from Texas politics again.

Since Governor Ferguson took office last January she has issued 951 clemency proclamations. Of these, 554 are full or conditional pardons.

Many members of the legislature are said to be eager to look into this record. A special session would offer this opportunity.

ANOTHER TEST FOR COUNCIL

LEAGUE TO FACE IN CRISIS IN BULGARIAN TROUBLE.

ASKS INVESTIGATION

Bulgarian Minister Is Ready To Submit Controversy—Officials Inclined to Discredit Affair.

London, Oct. 22.—Greek troops have begun war operations against Bulgarians, according to dispatches from Sophia today, quoting semi-official statements.

The semi-official Sophia statement charges that a detachment of Greeks, supported by artillery, has advanced into Bulgarian territory and shelled the Bulgarian town of Petrich. The statement further charges that the Greeks have attacked Bulgarian sentinels, killing five and occupying three Bulgarian posts.

Petrich, which Sophia claims has been shelled, is understood to have been scheduled for occupation by Greeks. It has long been a center of Macedonian activities.

London, Oct. 22.—That the Greek-Bulgarian crisis will furnish another test of the League of Nations appeared certain today with reports from Sophia that the Bulgarian capial would protest to the League against Greek invasion of the Bulgarian territory and would ask permission to mobolize troops in defense of its borders.

After these reports were received from the Bulgarian capital, it was learned from Athens that the proposed advance and occupation of Petrich as a guarantee of payments for indemnity would be made today. Greece demands two million gold francs indemnity.

Sophia, Oct. 22.—"Bulgaria cannot do more than ask Greece to appoint a commission to investigate," declared Foreign Minister Kalfoff today in commenting upon the Greek-Bulgarian incident, which threatens serious disorders.

"We are surprised that this local incident has been so inflated by Greece abroad," continued the foreign minister.

Officials were inclined to discredit the importance of the affair saying that it was a Greek movement to divert attention of the world from the Greek political situation.

Deputies are Named to Liquidate Banks

To Be In Charge of Affairs In Three Southeast Missouri Institutions Which Failed Recently.

Jefferson City, Oct. 22.—Special deputies have been appointed by the state finance department to liquidate the affairs of three southeast Missouri banks which failed several weeks ago.

P. M. Kellar of Chaffee, will have charge of the affairs of the Farmers Bank of Daisy; and the bank of Oak Ridge; W. T. Ruff, Jackson, will have charge of the affairs of the Bank of St. Genevieve.

E. T. Ryan of Conception Junction is a business visitor in Maryville today.

J. A. Honicker and F. D. Patterson of Maitland were in Maryville today.

PREPARING FOR ARMY HEARING

COURT MARTIAL MAY BE MADE PUBLIC.

ARE USUALLY PRIVATE

Absence of Air Service Officers on Court Indicates Mitchell Can't Discuss His Views.

Washington, Oct. 22.—The court martial of Col. William Mitchell for "conduct prejudicial to good order and military discipline," growing out of Mitchell's charges that there had been "almost criminal inefficiency in the country's air service, probably will be open to the public, it was said at the war department today.

Court martials are usually closed to the public but in Mitchell's case it is said that the department favors a departure from the usual because of the widespread interest in the case.

Army officials were endeavoring today to "hire a hall" for the trial.

Washington, Oct. 22.—(United Press) A general court martial destined to go down in history as one of the greatest ever held in this country is being assembled by the war department for the trial of Col. William Mitchell for conduct prejudicial "to good order and discipline."

It was necessary to comb the entire military establishment of the Nation to obtain officers of sufficient rank to try the "stormy petrel" inasmuch as members of the court must be of superior or equal rank to the defendant and the war department was striving for officers who were still unprejudiced after the Mitchell controversy.

The absence of air service officers on the court is considered an indication that Mitchell will not be allowed to restate his opinions on the airplane questions in this hearing, but will be tried on the ethical charge of "discrediting the military service." The court includes five corps commanders, the superintendent of West Point and three commandments of military schools. They are all old line officers, sticklers for discipline and sensitive on the question of army honor.

It was admitted at the war department that Mitchell's statements will not be probed for accuracy; whether they are false or true will not matter to the court. It's only aim is to decide if the statements were injurious to the morale of the army.

By the indefinite penalty clause the Mitchell court is invested with limitless powers. It is able to sentence the defendant to confinement at hard labor, dismissal, loss of rank, forfeiture of pay or admonition. In fact it has power to deal any penalty but death. A vote of two-thirds of the court is required under military law for conviction. The decision of this court is subject to review, first by a board composed of three officers. Their jurisdiction is confined to technical questions and procedure. The case may go to the judge advocate general of the army and then may be reviewed by President Coolidge. Sentences of court martials must be approved by the commanding officer, who appointed them, but when approved, no appeal can be taken from them, nor can they be reviewed by state or federal courts.

Sentence of dismissal from service requires approval of the President. Mitchell will be represented by Col. Herbert A. White, assisted by Rep. Frank Reid of Illinois, Mitchell's civilian counsel.

Country Club to Be Closed November 15

Directors of the Maryville Country Club voted last night to close the clubhouse on November 15. The golf course will remain open, but after that time the clubhouse will be closed until spring.

The annual meeting of members of the club will be held in December and the directors will submit a report on the present year's progress.

THE HOURS AFTER SUPPER.

Most careers are made or marred in the hours after supper. It may seem to some that the few hours between supper and bedtime afford small opportunity for education. But these were sufficient for Lincoln and for Franklin and for millions of men who by turning these hours to advantage through special studies, advanced themselves above their fellows.

"Dost thou love life? Then do not squander time, for that is the stuff life is made of." Benjamin Franklin, who said this, not only understood the value of time, but he put a price on it that made others appreciate its worth.

Bradstreet's in a summary of business conditions ascribes most business failures to what may be called "the size of their scrap-heaps." Nothing is more inexcusable and disastrous than waste, and the most disastrous waste of all is waste of time. The unusual hours form the "scrap-heap" that has wrecked many a man's career.

That heap of waste which so many young men dump at the end of every day and consider useless would, if rightly used, give priceless results in increased efficiency, higher service and better pay.

Ambition, resolve, effort, purpose, persistency, confidence, courage, mental equipment and success may be manufactured out of this heap of waste time. Millions are doing it. Any man can who will.

The most important item in the equipment of any establishment is men. It avails a manufacturer but little to have perfection itself in machinery if he finds it impossible to get trained minds to control and drive it. Several big concerns have organize schools in their plants; others have arranged with school boards to allow students of suitable age to spend a part of the time in the shops; many are calling upon correspondence schools to prepare employes for advancement.

The impressive thing is the opportunity this offers to young men willing to devote spare time to special studies that fit them for particular work. A great employer of skilled labor, of office managers and salesmen says: "There are plenty of $10,000 jobs. The trouble is to find $10,000 men."

Many highly educated people are inefficient, and many efficient people are not highly educated. The world calls for educated people who are efficient and efficient people who are educated. Most of all is needed education for efficiency, for service.

Real education is not so much the learning of what we do not know as the doing of what we do not now do.

GET AT THE CAUSE.

Many Maryville Folks Are Showing How to Avoid Needless Suffering.

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented and what with the burning and scalding, the attendant backache, headache and dizziness, life is indeed a burden. Doan's Pills—a stimulant diuretic to the kidneys—have brought peace and comfort to many Maryville people. Profit by the Maryville resident's experience:

Mrs. G. H. Powers, 504 N. Buchanan St., says: "I had a dull, bearing down ache across my kidneys. It was worse when I tried to bend over or lift something heavy. I was also bothered with dizzy spells when little spots blurred my sight. Headaches came on, too. But after using two boxes of Doan's Pills, I was completely rid of the attack."

THE PANAMA TICKLE.

The man who has his thoughts on Heaven and his nose on the grindstone is not usually bothered with temptation.

Special postoffice clerks are being rushed to Florida to assist in handling the accumulated mails. One thing calls for another.

A good many fellows never climb high on the ladder of success because a little success makes them lightheaded and they can't stand a high altitude.

It is said that Paris fight fans recently threw bread and ham at a poet which shows that poets have discovered a new and more certain way of getting a living.

A speaker at the Missouri River improvement convention in session at Kansas City declares that there will be 25,000,000 more people in the Mississippi Valley within the next fifteen years. This is as it should be. The middle West has to feed the United States and more people ought to be near the source of production. Missouri can take ten millions more and not be crowded and Missouri will get many more people whenever she lets the world know of her wonderful resources and her unparalleled advantages.

Most of us are mad at the world just because there aren't enough first prizes for all of us to have one.

SMILING
MARLAND SERVICE
The kind that brings people back

You drive into a service station. Your crank case has been recently drained--plenty of oil. Your gasoline tank full, however, you do need water and there is a set of new balloon tires that you are carefully keeping a check on for just the right pressure.

All this service takes quite a little time. In fact, you somehow hate to ask for it when you do not make a purchase.

Never feel this way at a Marland Station. Just try one anywhere any time and watch the cheerful, smiling, glad-to-serve-you attitude of the attendants.

Smiling Marland Service is almost as famous as is the quality of Marland Oils and Gasoline. Both of them are factors that are responsible for the wonderful good will existing between the Marland Company and its customers.

Is your appetite gone?

REMEMBER, how it used to be when you could hardly wait for mealtime? And then, sit down and eat several helpings of everything—enjoy every morsel and get up from the table feeling satisfied with the World, happy with everybody and ready for anything?

But what a difference in living when even the sight and smell of food sickens you! Never hungry—no matter how tempting the food is—nothing tasting right. And then, after nibbling at a few bites, feeling worse than ever.

Oh, life is hardly worth living this way. And yet, all in the World the matter with you is that you are starving for rich, red blood. And it is acknowledged everywhere that S. S. S. helps Nature build these healthy red-blood-cells by the millions!

All you need to do to get back that wonderful appetite is to build rich, red-blood-cells with S. S. S. It's simple. Just try it, like thousands are doing every day. See for yourself what S. S. S. will do.

S. S. S. means blood with a punch—brimful of new life and energy. Get your S. S. S. at any good druggist. The larger size is more economical.

The Joy of Motherhood

JUST how to make motherhood a joy is one of the most important things in the world for you to know, right now, mother-to-be! Learn the great truth; use the simple method of an eminent physician who dedicated his life's work to this *great accomplishment* for your benefit!

"I was in labor only 25 minutes with my last child, but suffered agonies with three previous children," writes an enthusiastic mother who used Mother's Friend. *Great has been the praise of Mother's Friend for over three generations!*

Mother's Friend possesses the qualities to *penetrate* beyond the skin and soothe the network of ligaments across the abdomen, hips and back and lubricate the skin, nerves and muscles as month follows month. Finally, it makes motherhood a joy! Mother's Friend is safe—it contains no harmful drugs. Right now, from this day on, and right up to the day of childbirth Mother's Friend should be used!

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 32, Atlanta, Ga., for *free* valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere.*

Goldsmith Bankers

In the 15th century when "might was right" the goldsmiths in London were the bankers because they had strong chests and strong apprentices for the protection of coin and precious stones.

When the goldsmith knew he had a surplus on hand he loaned some out at interest. An early bank indeed.

Today this modern bank gives absolute protection, pays interest on deposits, lends money and renders a complete financial service.

Washington, Oct. 22.—Two additional nations, Greece and Jugo-Slavia, are preparing shortly to come to the treasury of the United States and fund their war debts, it was learned today.

Both countries have communicated their desire for early negotiations to the treasury.

Greece owes $17,625,000 and Jugo-Slavia $65,414,000. Italy, which owes approximately $2,138,000,000, has a debt commission on the way to Washington.

Oppose Private Dam Project in Colorado

Waterways Fight in New Congress Is Expected to Transcend Muscle Shoals Row in Past Sessions.

Washington, Oct. 22.—A new water power development fight, involving a 150-million-dollar project on the Colorado river and far transcending the Muscle Shoals row, appears on the horizon of the new Congress today over the efforts of private interests to obtain a federal license to build a dam in the Grand Canon of Colorado.

While the federal power commission, composed of Secretary of War Davis, Secretary of Interior Work and Secretary of Agriculture Jardine withheld decision as to issuing the license, the Senate irrigation committee left for the West to hold a series of public hearings in the territory directly affected.

Opposition to the private propect has reached fever heat in seven western states, according to evidence placed before the power commission in public hearings.

AROUND OUR TOWN

Some persons consider one marriage too many; some consider two to be quite a sufficiency; but Justice W. L. Johnson is considered to hold a unique record in the tying of matrimonial knots. One day he married one man twice to the same woman.

And this is the way it happened:

The man bought his license and was married under his nickname, by which he went more than his real name. When Justice Johnson found this out, he instructed the newly-married man to return to the recorder's office and get another license under his real name. Then the ceremony was performed again.

Mrs. Alice Fox Gets Judgment of $500

Trial of Mrs. Cora Davis' Suit Against City of Maryville Then Is Begun.

A judgment of $500 was awarded by a jury in circuit court this afternoon to Mrs Alice Fox in her suit against Charley Long for damages alleged to have been received in an automobile accident near Skidmore last spring. Mrs. Fox asked for $2,500. The verdict was returned at 3:40 this afternoon.

The case also occupied all of yesterday. Mrs. Fox was the chief witness in her own behalf, and Long also testified. Among the other witnesses were Mrs. Albert Logan, daughter of Mrs. Fox, Dr. F. M. Ryan and the son of Mr. Long who was driving the Long car at the time of the accident.

Mrs. Fox underwent a severe grilling yesterday by A. F. Harvey, detense attorney, and was recalled to the stand this morning.

The attorneys for Mrs. Fox were Cook and Cummins.

Trial of the suit of Mrs. Cora Davis of St. Joseph against the City of Maryville, for $5,000 damages as the result of alleged injuries received when she fell on the sidewalk on East First street last June, was begun immediately.

The jury hearing the suit against the city is composed of Edison Blagg, J. L. Teson, J. R. Gibbs, J. L. Partridge, John Morehouse, L. E. Hill, Byron Hammond, Glen Jones, Verne Jones, George Daniels, Erb Mozingo and T. E. Hutchison.

A judgment by default was rendered for the plaintiff in the case of the Gillam-Jackson Loan and Trust Co., against Charles Jacobson and others. Judgment was given on the first count for $1,275.80 and on the second count for $605.30, each including interest at 8 per cent.

Sale of Transmission Line Recorded Here

Maryville Electric Light and Power Co. Officially Acquires Blanchard-Elmo Property.

The transfer of a six mile transmission line from Blanchard to Elmo, sold to the Maryville Electric Light and Power Co. By the Iowa Servich Co., was recorded in the Nodaway County records today.

The sale was made some time ago, the deed giving the purchase price as "$10 and other valuable considerations." The property was formerly owned by the Lee Electric Co. but was acquired later by the Iowa Service Co. It includes a 6,600 volt transmission line from the state line in south Blanchard, Atchison County, to Elmo in this county, together with a 25 KVA transformer in Elmo and distribution systems in south Blanchard and Elmo.

The names of five states appear on the documents. The transfer was made to a Missouri company by an Iowa company organized under the laws of Delaware and certified to by its president living in Michigan and its secretary in Ohio.

HAPPILY WED FOR 70 YEARS

MR. AND MRS. C. J. CARMICHAEL, HOPKINS, HAVE ANNIVERSARY.

50 YEARS IN MINISTRY

Couple Remember When Indians Roamed Nodaway Prairie—Lived In One-Room Log House.

(From The Hopkins Journal).

More than one hundred and twenty five years ago in an old family Bible was recorded the names of Archibald Carmichael, born November 23, 1801, and Martha Pennington, born January 27, 1803, both being born in Surry County, North Carolina, near this historic Pilot mountains. These were the parents of Elder C. J. Carmichael of Hopkins.

Elder Carmichael and his wife last Sunday celebrated their 70th wedding anniversary, having been married October 18, 1855, in Green county, Indiana.

Mr. Carmichael was born August 12, 1833, in Monroe county, Ind., making him past 92 years of age, while his wife, whose maiden name was Mary Ann Hostetter, was born in Stark county, Ohio, May, 8 1840, being now in her 85th year.

Elder Carmichael is of Scotch-Irish decent, his grandfather being born in Scotland and his grandmother in Ireland, while his wife is of German extract, her grandparents both being born in Germany.

Mrs. Carmichael has been an invalid for a year or more but Mr. Carmichael is wonderfully well preserved for a man of his age, going only two weeks ago to Indianola, Iowa, where he filled the pulpit of the Baptist church. He is a devoted, self-denying man, and has often gone at his own expense to labor in the Master's vineyard.

In his youth, there were none of our modern day conveniences and but few schools, so those seeking knowledge got it as did Abraham Lincoln, through their own efforts and sacrifices. At that time the Red man roamed the forests even in Indiana and wild game was plentiful—bear, wild cats, large grey wolves, etc. He remembers his mother driving deer out of the wheat field and wild turkey from the garden. He cast his first vote for James Buchanan in 1856, being a Democrat in politics.

Nine children have been born to Mr. and Mrs. Carmichael, five of whom are living, Martha Magdalene, born June 21, 1857; Rachel E. Parks, born August 11, 1867; Joseph D., born July 17, 1869; Jacob, born August 7, 1872 and Isaac, born May 6, 1875.

Besides the children, the couple has thirty-five grand and forty-six great grand children.

In speaking of their marriage, the grand old Patriarch said to a reporter for the Journal: "To me seventy years ago seems as yesterday. Before the ceremony I had bought a piece of land which had on it a one room log house, a small orchard and a spring, some of the land having been cleared and ready to cultivate.

"The house had a clay and stick chimney. We had no cook stove—they were scarce in those days, so we cooked by the fire place, baking bread on the hearth in a skillet, and endured many hardships, yet we enjoyed life. In the early years of our married life, we were both converted and united with the Baptist church and His saving grace has been precious and helpful to us during all these years.

"But those days of happiness had to turn to gloom and sorrow with the coming of the Civil War. I was drafted but hired a younger man to go in my place, costing us over $1,000, which necessitated selling our home. Then it came in our minds to go west, with Missouri our objective point. We fixed up a two horse wagon with bows and sheets for covering and with a party of five other families started for our new home in April, 1865.

"We were 28 days on the road although the distance is only about 600 miles, or a matter of a day and a half in these days of the auto. We camped out, sleeping in the wagon at night. Much rain fell, making the mud very deep, no hard surfaced roads then, and we sometimes had to hitch four and six horses on a two horse load. We finally reached Nodaway County and after only a few day's rest, set about to plow and plant to provide a living.

"Corn sold here then at $1.00 per bushel and flour was $7.00 per hundred. In the early 70's I felt I was called to preach and was willing to try in my humble way to tell of the love of Jesus and have been trying to tell it for over fifty years. I have tried to tell the story of the Cross and of Christ crucified, in eleven states of the Union.

"I now regret that I did not begin in early life to keep a sketch of my ramblings, baptisms, marriages, funerals, miles traveled, etc., but it is now too late. We cannot stay here much longer and regret in a way that we have no earthly treasures to leave as a legacy to our children, grand children and great grandchildren, but we leave as a wish and a prayer, if it be God's holy will, that we may all finally meet in the sunlight of God's eternal mercy."

Mr. and Mrs. Carmichael have been residents of Nodaway county since 1865 with the exception of a year or two in Nebraska and some years in Ohio, having lived in Pickering and Maryville as well as in Hopkins and a number of their friends not only in Nodaway county, but throughout Northwest Missouri and Southwestern Iowa, where Elder Carmichael has faithfully served different churches, and it is the wish of all that this grand old couple will be permitted to live to celebrate their diamond wedding.

Charter Issued New Bank at Savannah

Andrew County Bank, With Paid Up Capital of $20,000 Will Succeed Defunct Exchange Bank

Jefferson City, Oct. 22—A charter was issued late yesterday by State Finance Commissioner French to the Andrew County Bank of Savannah. Capital stock of the bank is $20,000, all of which is paid up, and the new institution will be opened for business in a few days in the banking house of the defunct Exchange Bank of Savannah, which was closed May 14 and which is in process of liquidation. The new bank has no connection with the bank that failed, beyond occupying the quarters made vacant. The incorporators who constitute the first board of directors are J. W. Schmitt, C. V. Sells, J. L. Rea, W. H. Landers, Walter Kurz, E. H. Duff and A. R. Todd. Officers of the bank are C. V. Sells, president; W. H. Landers, vice-president, and A. R. Todd, cashier.

Schools Visited in Gaynor Neighborhood

County Superintendent Leslie G. Somerville and J. C. Godbey, rural school inspector, today visited four schools in the Gaynor neighborhood. They were Lone Star, Mount Vernon, Oak Grove and Happy Hollow.

Mr. Somerville expects to receive word late this week that several more Nodaway County schools have received recognition by the state department of education.

Addresses Students of Skidmore School

Tarkio Minister Compares Life To Race And Says That Contest Muse Be Governed By Rules.

Comparing life to a race, the Rev. Mr. Wright of Tarkio talked to a number of high school students at the revival meeting at the Methodist Church at Skidmore Tuesday night.

"The Christian life is a race with sin," he said, "and every race is governed by rules. Someone is recognized as authority in fixing these rules and that is God himself."

"The greatest men in the world have recognized the Bible," the minister concluded and pointed out that the members of the Supreme Court have held the Bible as the supreme authority.

ONE-PROFIT Facilities Alone Make Possible

this Sedan of fine quality—at the lowest price ever placed on a Sedan by Studebaker

THERE was a time when the automobile buyer seeking greatest value for his dollar was justified in considering a car of second-grade quality, which was reasonably satisfactory from the standpoint of transportation alone.

But with the advent of Studebaker's One-Profit manufacturing policy, cars of the finest quality, such as the Standard Six Sedan illustrated below, are now only slightly higher in price than those of second grade.

This small difference in price is practically nothing in comparison to the vast difference in materials and workmanship—plus increased pride of ownership and the extra service that a Studebaker gives.

Under this One-Profit system we build in our own plants *all* bodies, engines, clutches, steering gears, differentials, springs, gear sets, axles, gray iron castings and drop forgings. Thus we eliminate extra profits and overhead that all other manufacturers (except Ford) must pay to outside parts and body makers—and what we save goes to the buyers of Studebaker cars.

And because we have facilities for manufacturing all vital parts on this One-Profit basis, we are able to design, engineer and build every Studebaker car as a complete harmonious unit. Being Unit-Built, the Studebaker functions as a unit—with all the advantages of unit over assembled construction.

The result is years longer life—scores of thousands of miles of excess transportation—greater riding comfort—minimum repair costs—and, finally, higher resale value.

A UNIT-BUILT CAR

Value Stabilized by "No-Yearly-Models"

THE fine Studebaker Standard Six Sedan illustrated below is upholstered in genuine wool cloth. Carpets are wool. Windows are real plate glass. Four wide doors.

Equipment includes an 8-day clock, gasoline gauge, coincidental lock to ignition and steering gear, automatic windshield cleaner, ash receiver, rear-vision mirror, stop light, dome light, safety lighting control on steering wheel, and full-size balloon tires.

This Sedan has many superiorities—hidden as well as obvious. Body pillars are of fine northern white ash, cross-members of hard maple. We pay a premium for the best steels.

Slam the door and the sound says "quality." Swing on the door. Run one wheel up on the curb and note how the doors still open and close—how the motor still runs smoothly. Sit on the firm, heavy fenders. Try the steering gear. See how easily it handles the full-size balloon tires. Test the comfort of the deep, wide seats.

Run the engine—the most powerful in any car of its size and weight, according to the ratings of the N. A. C. C. and the Society of Automotive Engineers. This is Studebaker's lowest priced Sedan. Make comparisons—then realize why no car at a comparable price has more than superficial resemblance.

Come in and let us demonstrate this sturdy One-Profit car.

Adam & Eve's Skin

Historians seem to have neglected this subject violently! Modern students of skin, its growth, development, culture and education claim that not since the time of A and E has there been the necessity for skin culture as exists today! Take any ballroom as an example of what I mean!

As one deeply philosophical student of SKIN feelingly remarks: "Woman's skin TODAY is 75 per cent of her good looks!" Personally I think his per cent is a leetle teensy bit HIGH—60 per cent say being nearer the mark.

It's a fact, however, that ears, necks, backs, shoulder blades fail to startle as they ONCE did while the ROLLED SOCK offer a still wider field for speculation, comment and study!

Yep, women sure got to take good care of their skin NOW days!

DRY Skin

This is caused by tongue-tied pores that fail to call up the moisture from the layer of fat which lies just underneath. We have a TWO OIL combination we recommend for this sort of pore and so far, it's been real successful.

Ruff Rinkly Skin

Generally caused by neglect or from being scraped by something so that the "Normal MOISTURE" is stuffed off. Wind, sun, cold or too frequent "washings" DOES this for skin. We have a lotion that corrects this in a most pleasant manner.

Blotchy Skin

This can come away down inside of you—tummy or alimentary tract, frinstance. Many times tho' it's just a cutiele infection, but we've got remedies for both cases—so bring your skin in and get it corrected.

A Mistake

Just because a powder is expensive is no reason why it is necessarily the RIGHT powder for your complexion. Careful thought should be given before a powder should be used daily. We BELIEVE that in our splendid assortment you will find the powder you should use.

Cleanness!

Soap we believe is in most cases the best for skin, with a carefully made massage cream a close second. And this applies to MEN just the same as to the MOST IMPORTANT sex. We have a large variety of well balanced cream.

Get "Rouge-Wise"

If you wonder why some women folks have an extraordinary brilliant complexion, it's because they are using the EXACT shade of rouge calculated to ACCENT PROPERLY the good complexions they already have. We have a most complete assortment of such rouge.

Woman's Place in the World

Many of our soldier boys had never been away from home before and were homesick. The happy faces of our women soon dispelled the clouds of loneliness.

Thousands of women took the places of our soldier boys while at the front and no matter how hard the work, they did it.

Surely women's place is one of honor. She can make a home, earn her living or manage a business and The Real Estate Bank recognizes her worth and invites her account whether large or small.

Glad He Picked This Good Stomach Remedy

Puts Stomach in Fine Condition—Ends Dizzy Spells, Catarrh and Makes You Sleep Well.

Injudicious eating causes acute indigestion, gas, ascidity, heaviness and sour stomach—sometimes the distended stomach causes that dreadful feeling of near suffocation.

Isn't it worth something to know of a remedy that will stop this distress in a few minutes—quicker than anything else you can think of.

This is no common stomach remedy for it took years of time to combine Pepsin with Menthol and other effective agents that make Dare's Mentha-Pepsin so good that worst cases of indigestion and gastritis and other chronic stomach ailments are speedily overcome and the most badly deranged stomachs are made clean, strong and healthy.

Mr. Calvin Dilks of Alloway, N. J., a man of few words, knows this for he writes: "I entirely rid myself of an old catarrhal condition of the stomach with Dare's Mentha-Pepsin."

No matter what your stomach trouble is get a bottle today at Koch Pharmacy or any druggist anywhere with the distinct understanding that if it doesn't do you the world of good your money will be returned.—Adv.

Home Economics Department At College Grown Rapidly

The home economics department at the State Teachers College is enjoying its largest enrollment, according to Miss Hettie M. Anthony, its head. There are more freshmen enrolled in the department this year than ever before, and the graduating class will also be a record one.

Thirty-two freshmen girls have signified their intention of either majoring or minoring in home economics, while twelve students will receive their degree from the department next spring. This is a large representation, according to Miss Anthony and compares favorably with that at the University of Missouri. Proportionately the number is larger, Miss Anthony said, after checking the figures of the two departments.

Three new courses were added in the department this year, making the total eighteen, with an aggregate of forty-five scholastic hours. Chief among the new courses is that of home economics for rural and elementary schools. This has been made a requirement for those who are working for a rural or elementary certificate.

The work in the department this year embraces all phases of food and nutrition, textiles and clothing, and such shelter problems as household management and sanitation, and home nursing.

At present there are two teachers in the department: Miss Anthony and Miss Daisy Countryman. In the summer sessions the number is enlarged to accommodate the demand.

"Our department has grown as a reaction to the enormous increase in openings for home-economics trained women," Miss Anthony said. "There are now about 125 professions open to the woman who has a degree in this line.

"One of the newer of these is that of home-economics advisor in the larger banks of the country. This is a position which calls for consultation in the budgeting of family incomes. It carries with it a large salary and the executive holding it ranks with the higher officials of the banks.

"Almost all of the larger department stores are calling for educational advisors, and there is scarcely a large food, clothing, or household appliance concern which does not have its home economics expert.

"Dietetic positions are opening up in most of the hospitals of the country. There are two women from this department who now hold positions of that kind. Miss Blanche Daize is head of that department in the Fresno, Cal., hospital, and Miss Mary Irwin has a similar position in the New Methodist Hospital in St. Joseph, while there are two who are taking student work: Miss Lola Moore, in the University Hospital, Minneapolis; and Miss Ada Dinsmore, in the Presbyterian Hospital, New York City."

Miss Anthony pointed out that the department at the College is primarily trying to meet the needs of this district. This, alone, is a heavy demand as home economics is occupying a major part in the curriculum of the various high schools.

An important factor in the department is Kappa Omicron Phi, home economics sorority. This organization was founded here three years ago, and its main function is training in cooperation and leadership. Since being founded, there have been two branch chapters of the sorority organized, one at the Warrensburg State Teachers College and one at the Hays, Kansas, Normal.

CARD OF THANKS

To the kind relatives, friends and neighbors who so willingly assisted us during the sickness and death of our beloved husband and father we wish to express our heartfelt thanks, also to those sending flowers and assisting in the music, may the Lord bless you all and spare you such sorrow is our sincere wish.

Mrs. Nola Daise, Elmer J. Daise and family; Ellen Daise.

OBTIUARY.

Louise J., son of Mr. and Mrs. John Daise, was born March 31, 1871, near Marysville, Clark County, Indiana, died at his home four miles north of Graham, October 15, 1925, age 54 years, 6 months, and 15 days; was married April 24, 1892 to Nola Adams of Otisco, Indiana. To this union three children were born. Two are living to mourn the loss of a kind father, Elmer J. Daise of Graham and Ellen E. Daise at home. Ethel C. Daise was called by the grim reaper to the world beyond, October 6, 1915.

On October 10, 1895 he and his family moved to Nodaway County from Indiana, locating near Graham, Mo., where he resided until death.

He joined the Christian Church in 1919, of which he was a faithful member until his death.

He lived a quiet, unassuming life every day, was always a good neighbor and friend to the needy.

Funeral services were held at the home Sunday, October 19, 1925 at 2:00 p. m., conducted by Rev. D. W. Conner. Interment in the I. O. O. F. Cemetery, Graham, Mo.

SICK WOMEN ATTENTION!

Read this Remarkable Testimony Regarding Results from Taking Lydia E. Pinkham's Vegetable Compound

Norfolk, Virginia.—"If you only knew how many women and girls have taken your medicine by hearing my testimony, it would seem wonderful to you. Every day and every chance I have I advise some one to try it. It was in June, 1904, when I had given up to never get well, that I wrote to you. My husband went to the drug-store and brought the Vegetable Compound home to me. In a few days I began to improve and I have often taken it since. I am now passing through the Change of Life and still stick by it and am enjoying wonderful health. When I first started with your medicines I was a mere shadow. My health seemed to be gone. The last doctor I had said he would give me no more local treatments unless I went to the Hospital and was operated on. That was when I gave the doctors up. Now I am a healthy robust woman. I wish I could tell the world what a wonderful medicine Lydia E. Pinkham's Vegetable Compound is. I will be only too glad to answer letters from anywhere. I wish all sick women would take it."—Mrs. J. A. JONES, 317 Colley Avenue, Norfolk, Virginia.

Closing Grain Review.

Chicago, Oct. 22.—Wheat dropped sharply on the local Board of Trade today. Coarse grains with a stubborn undertone acted independently and finished comparatively steady. The break in wheat came when it was learned that many farmers have abandoned their attempt to hold their supply until the price goes up.

Wheat was on the toboggan all day. There were a few sizable rallies when large shorts covered on breaks, but in most instances they failed to hold. News from primary markets said farmers abandonment of holding tactics presaged increased movement of the cash article.

Curtailed shipments because of the impassable roads and retarded husking operations checked corn. Trade was largely professional.

Oats did not deviate from their usual course and finished on an unchanged basis.

Sharply lower hogs and increase deliveries dropped provisions.

INJURIES ON OMAHA TEAM

WORLD HERALD SAYS TEAM IS HARD HIT NOW.

BEARCATS ARE O. K.

Coach Lawrence Hints, However, of Changes Because of Several Minor Injuries To Men.

Injuries have hit the Omaha university grid squad so fast and furious this week that Coach Ernie Adams has been forced to work some of his men into new positions. The final scrimmage before Friday's game with the Maryville Teachers saw Cliff Hansen at fullback and Steele at quarter.

Though Poucher is still able to hold down the fullback position, Adams is grooming Hansen for that post so that Poucher may be shifted to a half if needed there. Caldwell may not be in Friday's game at all because of an injured shoulder and Joe Carlson was also on the side lines Wednesday. He has a bad ankle. "Bungy" Gordon is going good this week and Verner Carlson is also in good condition.

The above is what the Omaha World-Herald has to say of the Omaha University team, which will meet the State Teachers College Bearcats here tomorrow.

Coach "Shorty" Lawrence has no such tale of woe to sing, although he has hinted that minor injuries will possibly cause shifts in his team for tomorrow's battle.

Regardless of the above, the following line-ups were given out by the two coaches as tentative. From the Maryville angle, there will possible be no change, although, should the game be easier than expectations dictate, it is likely that Coach Lawrence will use substitutes freely.

The Omaha team has played but one game this season, winning from Downe College, 6 to 0. Four letter men form the framework for the visitors of tomorrow.

The line-ups:

Quitman High Five Defeats Clearmont

Of Five Games Played, Quintet Has Lost But One—Outdoor Season Ends Friday at Graham.

The Quitman High School basketball five (boys) defeated the Clearmont cagers here Tuesday 54 to 16. The game was supposed to have been played last week but was postponed on account of the teachers meeting. The Quitman five took the lead from the start and at no time did the Clearmont five seem to have a chance to win.

Quitman substituted its second team in the fourth quarter and they more than held their own. There were no outstanding stars in the game. G. Hornbuckle was high point man for Clearmont with three field goals to his credit.

H.S. TEAM OFF FOR TRENTON

TRIP FOR GAME MADE IN CARS LEAVING TODAY.

LOCALS SHOULD WIN

Radical Change Made When Cockayne Shifted to End In Place Of Holt.

The Maryville High School football squad, sixteen strong, left in automobiles at 1 o'clock this afternoon for Trenton where they will meet the T. H. S. gridders tomorrow afternoon.

A game with Trenton is always regarded as a hard one, and the locals have been working overtime this week in an effort to present as strong a machine as possible tomorrow.

A radical change has been made in the team, and Coaches Herbert and Graham are anxiously wondering how it will work.

Holt, who has been playing end for the Spoofhounds this season did not make the trip to Trenton. In his place Cockayne will work as wing man, and "Chuggy" Smith will run the team as quarterback. King will take Smith's place at right halfback. The new half is an untried man at the position, and tomorrow he will be given his first opportunity at lugging the ball.

The Trenton team has not been "in the win" this season, its only victory being one over Gallatin week before last by a 2 to 0 score. To overbalance this are three defeats. In the first game of the season the Green City team won, 25 to 0; in the second game, Excelsior Springs triumphed, 14 to 0; and last week Cameron was the victor, 27 to 0.

It is on these games that the Maryville team bases it hope for victory. The team is in fair shape, according to the coaches and the last few days of practice should have been profitable.

The team will return to Maryville tomorrow afternoon after the game. The starting line-up will likely be:

Cockayne, le; Howard, lt; New, lg; Tindall, c; Nichols, rg; Hall, rt; Aisup, re; Smith, q; King, rhb; Bratcher, lhb; and Kissinger, fb. Curfman, Strong, Caudell, Porter, and Bush were the substitutes to make the trip.

Several cars of rooter will leave tonight for the game. The High School band will go to Trenton tomorrow.
